

Power+™ Composite Cables

Indoor/Outdoor Plenum Rated

Unique Design Permits Wide Use

- UL Listed OFCP for use in plenum spaces.
- OSP rating permits use in outdoor and wet environments.
- Small outside diameters assist in installation.
- Super Absorbent Polymers keep the cable core dry.

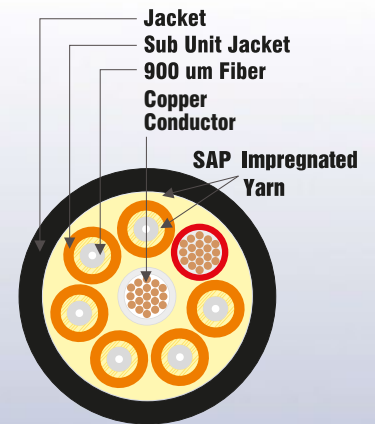

Long Distance Power & Network Connections

- Multimode and singlemode glass available (2, 6 & 12 strand).
- Two copper conductors per cable (choose from 12, 14, 16, 18, 20 & 22 gauges).
- Supports 25.5 watts of power (IEEE 802.3at up to 2,700 feet).

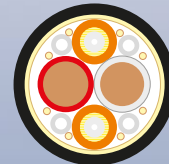

Applications

- Security Cameras
- Passive Optical Networks (PON)
- Distributed Antenna Systems (DAS)
- Long distance power/network devices

Features

6 Fiber
(Size Enlarged to show detail)
